With a personal treatment plan, the guidance and support that Skincere Med Spa offers, our clients will achieve their aesthetic goals and maintain healthier skin. Let us provide you with a more youthful appearance and beautiful transformation.

How to Spa.

- Please arrive 20 minutes prior to your service to allow ample time to check-in and unwind in our relaxation lounge. Undress to your level of comfort. Our therapists use modest draping techniques to ensure that your comfort is always maintained.
- Since many of our spa services require bare skin and freedom of motion, we ask that you refrain from bringing or wearing jewelry to the spa.
- Most spa services require clean skin for effective treatment, so be advised that makeup will need to be removed.
- Please inform your therapist of any injuries, surgeries, or medical conditions as some treatments may be contraindicated.
- To maintain a comfortable and relaxed spa atmosphere for all of our guests we ask that cell phones be turned off upon entering the spa and that children be left at home.

Cancellation Policy.

If necessary, spa guests have up until 24-hours prior to their appointment to cancel in order to avoid a fee equal to the amount of treatment received.

Gratuity.

For your convenience you can elect to add a gratuity to your services.

Gift Cards.

Gift cards are available at the front desk or by calling the Spa.
